Go Global

Pay out around the world

Start now

Accept payments in over 135 currencies and pay out fiat or crypto to your users in more than 50 countries with a single integration. In the US, you can also add funds from your bank account to your CI balance to send payouts that are not tied to CI 360° transactions. To start, global payouts require payments accepted with CI 360°

Invoicing

“ Send an invoice ”

Email your customer a unique link to a CI hosted invoice page from a custom email domain or centurioninvest.com. Customers can also download a PDF invoice online. Each invoice is optimised for mobile, tablet, and desktop with a responsive design that offers Apple Pay or Google Pay

On average, your customers will pay 3x faster when paying with Apple Pay or Google Pay.
